

Le Phare Family Survey Findings - October 2022

School Council received **26 responses** to our survey (down from 49 the previous year)

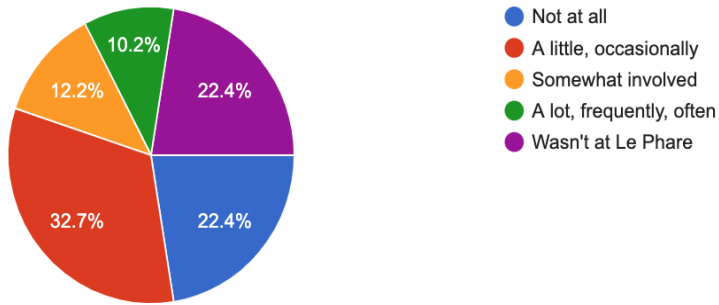

65% were excited to return to school in person! (up from 51% last year)
Another **35%** were optimistic but cautious. About **7%** felt uneasy/nervous.

A sense of community involvement improved from the year before!

Sept 2021 vs Oct 2022

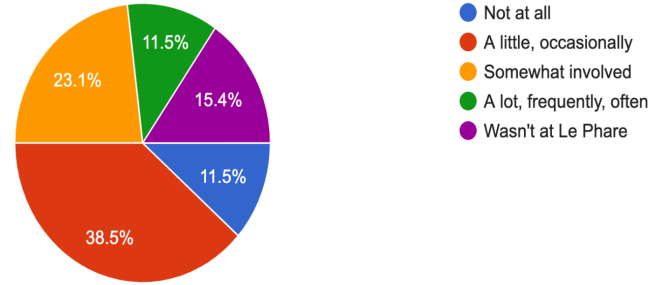

How involved has your family felt in the Le Phare community in the last 12 months?

49 responses

How involved has your family felt in the Le Phare community in the last 12 months?

26 responses

A **full 100%** wanted to attend **in-person events** to get involved in the community! Yay!

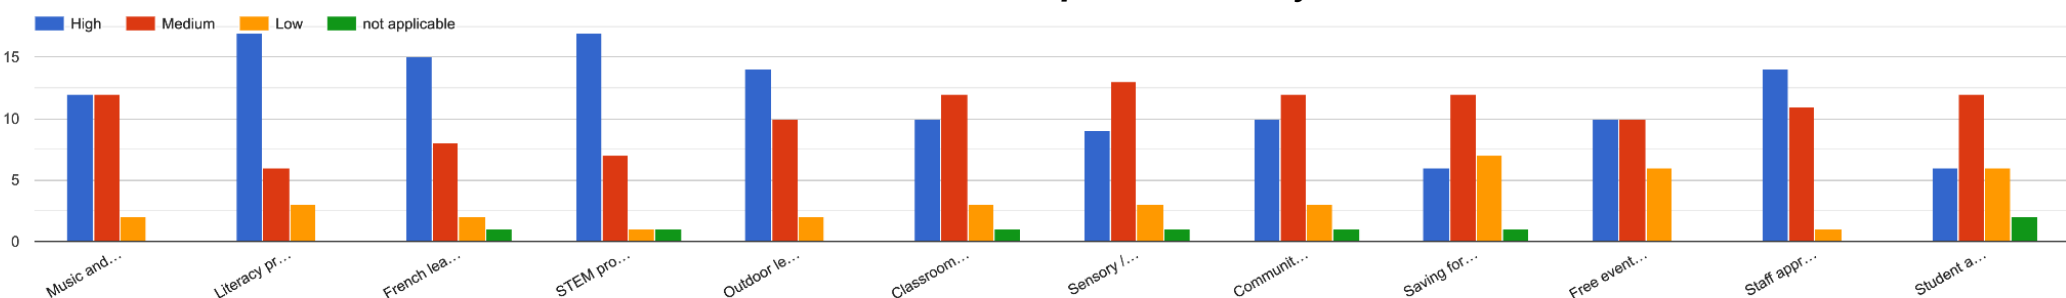

Most families have a great experience at Le Phare!

We saw excellence in **proximity/transportation** to the school and in **equity and inclusion**, like last year. **Communication with teachers** saw a big improvement since last year!

The greatest areas for improvement were: **help with bullying** and **health and safety/COVID** (differing from last year, when communication was a bigger concern)

Many families wanted to attend events, especially the **Monster Mash** and the **Spring Picnic**. These events build community, and raise funding.

What should Council spend its money on?

Your priorities for Council spending remain: literacy, math/STEM, French, outdoor learning. Staff appreciation and music/arts were higher this year than last year.

One barrier to joining Council remained a **lack of time/energy**, but this was **down to 55% from 80%** the previous year. About **45%** wanted to provide input through forms and surveys. And **30%** just wanted to learn more.

YOUR VOICE: What would your family most like us to help with?

- We already think you do great 🥰
- Coordinating and executing events
- Education enrichment
- Building community, welcoming all families
- Fixing up the yard

- Getting more lunch options like Mazolla
- I would attend anything that I can go to work my children. Any parents only events or events that give information I can find online are not of interest.
- Inclusive education, field trips and other enrichment activities
- As we are an English first household more knowledge on what resources we have available to us.

Thanks for your input!

These results have been discussed with Principals and offer a guide to your School Council.
